LOAN SHARKS ARE BEING HOUNDED

ATTENTION PAID TO THEIR NE-
FARIOUS BUSINESS.

In Many Cities Provisions Made to
Protect the Poor From
Them.

ADVANTAGE OF NECESSITIES.

Washington, Oct. 26.—In several American cities attempts are being made to eradicate the usury evil of loan sharks and pawn shops by the establishment of low interest loan societies conducted simply to meet their operating expenses. A band of philanthropists in Chicago, Ill., with apparent success, has established a "pawn society" which loans money upon pledges at one per cent per month as compared with the usual charge in that city by private brokers of ten per cent per month. The idea in this country is a copy of the municipal pawn societies of several European cities.

month as compared with the usual charge in that city by private brokers of ten per cent per month. The idea in this country is a copy of the municipal pawn societies of several European cities.

An account of one of these is given in a report to the state department by Consul Henry H. Morgan. It is the municipal pawn society of Amsterdam, Holland, known as the Bank van Leening. This is probably the oldest pawn shop in existence. It was started in the early part of the seventeenth century. The earliest record found made by this institution was on April 29, 1614. The business is still conducted in the original building erected for it at that time though 15 branch offices have been opened throughout the city to meet the ever increasing demands of the business.

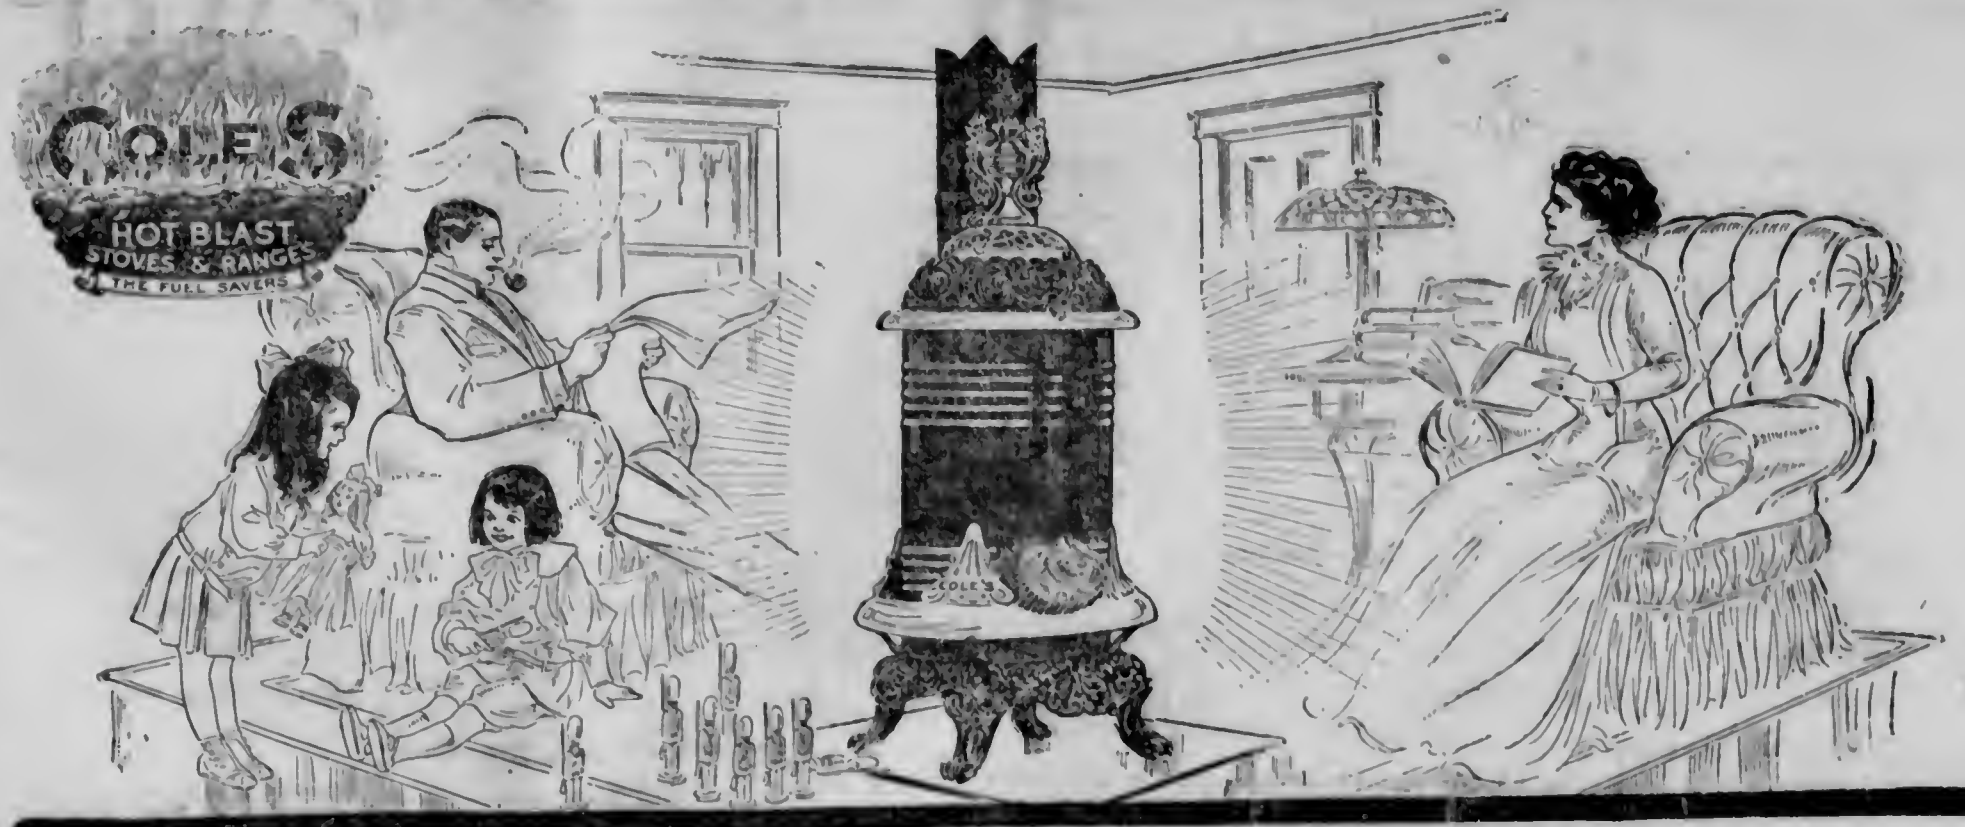

To show the "easy familiarity" with the "hook shop" which long contact with this venerable institution has bred in Hollanders, Consul Morgan states that it is the custom of a vast number of the poorer Amsterdam to pawn their "Sunday best" clothes on Monday morning, redeem them Saturday night, and "hook" them again on the following Monday morning, thus securing their use for the Sunday outing. Over 10 per cent of the business of the Bank van Leening, which amounts yearly to over a million dollars, is of pledges of this class-household articles, etc.

The rates of interest charged run, according to the kind of goods pawned, from 6 to 12 per cent per annum. Amsterdam has never placed a single law upon its statute books regulating the interest charges of pawn shops simply because the competition of the municipal society has practically run them out of business. Besides the interest charges there is a fee demanded on all pledges to meet the administrative expenses of the institution. This is only from .001 to .10 an article. Yet from these sources of income, and from the sale of unpledged pledges and rents for offices in the bank building, the Bank van Leening insures every article which it holds in pawn, pensions all old employees and their widows and clears three per cent on its investment.

Each pledge is held for six months and then, failing its redemption by the owners, is sold at public auction after being advertised for two days. The capital of the bank is \$292,850. Its annual revenue is about \$80,000 a year. It contributes \$5,000 a year to its pension fund.

The Bank van Leening is strictly a municipal affair, the business being conducted by five directors appointed by the city government and by the burgomaster or mayor. By its charter it is restricted in earnings to three per cent net on its investment and each three years its schedule of charges is made over so that the estimated income will amount to only the three per cent. The institution is under strict police supervision and this has made the business of "fencing" or handling stolen goods very dangerous in Holland as at best it is difficult for other pawn shops to show legitimate reasons for remaining in this business.

Still, even a blind asylum may be a slightly place.

Home Comfort Assured by Using Cole's Original Hot Blast

It means comfort and health for you and your family to have comfortable living rooms—We want to sell you one of these truly marvelous heaters—We know it will give you more home comfort for the money you spend for fuel than you have ever had before—

The same comfort you would get from the most costly Hot Water or Steam Heating Plant you could buy. And besides—**Cole's Hot Blast Heater** is better because you can regulate it perfectly—

Cole's Hot Blast Heater gives a steady even heat day and night using for fuel the cheapest grades of soft coal. It is as clean as the highest priced Hard Coal Heater and costs you less than half the money—costs less than half to operate throughout the winter because your fuel bill will be cut in two. Surely this is the Heater you want and will have this winter.

This Original Hot Blast Stove has patented features, which insure an everlasting air-tight and gas-tight construction. No leaky stove will hold fire—remember that.

Cole's Patented Hot Blast Draft insures perfect burning of the gases in coal which makes this heater the greatest fuel saver ever known. Soft coal is half gas and is wasted with other stoves.

We are authorized by the Cole Manufacturing Co. to sell this heater on the most rigid guarantee ever made by any stove manufacturer. **The Remarkable Guarantee is—**

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
- "6—That every stove will remain absolutely air-tight as long as used.
- "7—That the feed-door is and will remain smoke and dust-proof.
- "8—That the Anti-Puffing Draft will prevent puffing.
- "All we ask is that the stove shall be operated according to directions and connected with a good flue.

(Signed) COLE MANUFACTURING CO., Not Inc.
(Makers of the Original Patented Hot Blast Stove.)

Think what this economy of fuel means to you. Think of the comfort—no kindling or rebuilding of the fire in the morning. Simply open the draft. You live in an even temperature which means health to your family. Uneven temperature means colds or worse.

Burns any kind of fuel—Soft Coal, Hard Coal, Slack, Lignite or Wood.

Over 60,000 of Cole's Hot Blast Heaters sold during the year of 1909.

COMPROMISE BOUNDARY.

Santa Fe, N. M., Oct. 26.—A new compromise—the cession by Texas of El Paso county to New Mexico—of the old boundary dispute between New Mexico and Texas, was proposed by Isador Armijo, member of the New Mexican constitutional convention and chairman of the committee on boundaries.

New Mexico lays claim to all of Texas extending west of the 103d parallel, a narrow strip of land something like 200 miles long on the western border of the Texas Panhandle. Mr. Armijo urged that El Paso would like the change, inasmuch, he declared, as that district has threatened to secede from Texas and form a new state.

HOBBER CATARRH

Steads Energy and Will Power From Its Victim.

Catarrh robs its victim of energy—some physicians say of will power. That may be the reason why thousands of catarrh sufferers haven't ambition enough to accept this fair and square offer by Hobbler's drug store, which he makes without any delay and wherefore or red tape of any kind.

W. J. Gilbert says, "I guarantee HOBBER to cure catarrh, acute or chronic, or money back," and that offer is open to every reader of the Sun.

HOBBER (pronounced it High-o-mor) is the purest Australian Eucalyptus combined with Thymol and other germ killing antiseptics.

Put a few drops into the small, neat, pocket HOBBER inhaler and breathe it into the lungs over the inflamed membrane infested with catarrh germs.

It is pleasant to use—it kills the germs, soothes the sore membrane, and cures catarrh; if it doesn't your money back.

A bottle of HOBBER costs 50 cents at W. J. Gilbert's and drug stores everywhere. A complete outfit, which includes a bottle of HOBBER, a hard rubber inhaler and simple instructions for use costs \$1.00.

Louis Brownlow on Hampton's Magazine.

The Louisville Evening Post says of a man who is popularly known here:

"Louis Brownlow, former Washington correspondent of the Evening Post and later associated with the Frederic J. Haskin Syndicate, has associated himself with Hampton's Magazine as a special writer, and has landed on a real good thing," according to the reports of his friends. Mr. Brownlow is well known in Tennessee and Kentucky, and while representing the Evening Post at Washington did excellent work. He is now one of the staff of Hampton's, which includes Charles Howard Russell, Judson C. Welliver, Frederick Palmer and others."

"Clut at the Capital" in the Sunday magazine section of the Record-Herald gives an interesting anecdote of Louis Brownlow, which friends here will recognize as quite Brownlowesque:

"Louis Brownlow, of Washington, was traveling in Europe, and arrived at Berlin. There he went to a reception where the American colony was plentifully represented.

"Going up to a handsome woman in the crowd, Brownlow said, 'I want to meet you, because your family and mine were very intimate. You're a daughter of General Sherman. I could tell it by the resemblance of your head to the head of the Sherman statue in Washington.' "He was right. She was Mrs. A. M. Thackara, wife of the American consul general at Berlin, and a daughter of Sherman. She explained that her head had been used as the model for the head of the statue."

"Why do you weep over the sorrows of people in whom you have no interest when you go to the theater?" asked the man.

"I don't know," replied the woman. "Why do you cheer wildly when a man with whom you are not acquainted slides to second base?"—Washington Star.

"Civilization may have to appoint a commission to deal with hobble-skirt injury statistics."

OLDFIELD BEATS

JACK JOHNSON

NOTED RACER COMPELLED TO ELIMINATE FIGHTER.

Oldfield Says He's Glad If His Victory Will Have Any Effect on Situation.

RAN AWAY FROM THE NEGRO

New York, Oct. 25.—The ambition of Jack Johnson, champion heavyweight pugilist, to annex other honors as a racing automobile driver received a blight here at the hands of Barney Oldfield. Johnson showed to poor advantage in his new role and Oldfield, in one heat of the five mile race at Sheepshead Bay, toyed with the big fighter. Only two heats were needed to settle the question.

Following the victory Oldfield said:

"I raced Johnson for neither money nor glory, but to eliminate from my profession the possibility of invasion by one who would have to be reckoned with sooner or later. If Jeffries had fought Johnson five years ago the white man would have won, and after Jeffries retired he would never have had to fight him again. If I had ignored Johnson for a year or so he would probably have gained much experience on the tracks and bought high powered cars, while I am not getting any better from day to day. I am glad if my victory over Johnson will have any effect on the 'white man's hope' situation."

In the first heat Oldfield ran away from Johnson. At the finish Oldfield led by about a quarter of a mile.

His time for the five miles was 4:44.

Time of the second heat 1:14 4-5, or 30 4-5 seconds slower than the first, tells the story.

Oldfield, after gaining the lead several times, slowed up to allow Johnson chance.

Bridesmaid Laid Down and Scratched When Flea Bit Her During Ceremony

New York, Oct. 25.—The orchestra had struck up the wedding march and the bride and bridegroom—Mrs. Mary Schley Bowen, a wealthy San Francisco woman, and Percy W. Evans, head of a big Seattle shipping concern—were marching down through an aisle of palms to the clergyman, when the first bridesmaid deliberately lay down on the floor and began to scratch herself.

Thereupon the second bridesmaid rushed excitedly up to the bride and tried to tear a piece out of her gown, and the third bridesmaid, running on all fours, dodged, with extraordinary speed, in and out between the feet of the guests.

The bridesmaids hark.

Following which all three bridesmaids got together in the middle of the room and barked in chorus.

It appears that all three of the bridesmaids were dogs. They were Koda-San, Pinku-San and Otovo Gelsi, all Japanese spaniels of high degree and all owned by Mrs. Bowen. She had arranged to have them accompany her to the altar and in honor of the occasion she had had them gorgeously dressed in embroidered blinnets with delicate lace fringes.

The diversion which the three bridesmaids occasioned just as the wedding was drawing to its most interesting stage came near bringing it to a halt altogether, and it took all the diplomacy and dog-knowledge of Arthur Delroy, the best man, and Mrs. R. F. V. Caldwell, the matron of honor, to persuade them to remain quiet until the ceremony was over.

Decorations from Orient.

The wedding was held at the home of Mr. Delroy and the house in anticipation of the ceremony had been lavishly decorated with rare oriental objects of art. The rooms were lighted with Japanese lanterns. On a pedestal near the altar stood a hideous grinning dog of Chinese porcelain and, close by, a great bronze Buddha smiled benignly from a gilded niche. From dim corners gleamed the bejeweled eyes of carved monkeys, while from one of the walls protruded the stuffed head and tusks of an Indian elephant.

The setting for the wedding drew its appropriateness from the fact that Mrs. Bowen and Mr. Evans had first met while traveling in Japan a year ago. After the ceremony the couple took a liner for Europe, where they will remain for three months. On their return they will live in Seattle.

Dog Banquet Is Given.

Mrs. Evans' solicitude for her dogs did not end with the marriage ceremony. When it was over they were given a dog dinner by Mrs. Eugene Clarke, wife of the opera singer, and

at this function Lillian Russell's toy spaniel was also a guest. Each diner was supplied with a large, juicy lamb chop, together with other viands which appeal especially to the canine palate.

News of Theatres

Famous Stars to Visit Paducah.

When the Sheehan English Grand Opera company comes to the Kentucky theater Thursdays evening November 3, for performance of Verdi's famous "Il Trovatore" there will be heard in this city more renowned artists than have ever appeared here before at one time. First of these stars is Joseph F. Sheehan, acknowledged the greatest of all American tenors. To those who have ever heard Mr. Sheehan's wonderful voice little need be said. His remarkable power, combined with a rare sweetness, has placed him in a class by himself. Then comes Miss Elaine De Sellem the eminent French contralto, whose work as the Gypsy hag in "Il Trovatore" has made her a favorite in France. It is not likely that Mr. Sheehan could have found anywhere another artist so well qualified for this difficult role as Miss De Sellem.

Miss Grace Nelson, the prima donna, whom Mr. Sheehan discovered in Europe and whom critics declare the sensation of the day, is said to be the most remarkable coloratura soprano since Tetiziani electrified the world, and, consequently, is particularly suited to the role of "Leonora." The entire cast is on a par with those mentioned.

At The Star.

Emmett's trained dogs, now performing at the Star theater, have the best act of the kind ever seen in the city. Some of the feats are simply wonderful as well as amusing, and the crowd last night howled with delight at the performance.

Evans and Ford do a novel and extravagant comedy and singing act that goes big.

Frank Long sings as well as usual, and the picture complete the show.

And some women look as if they just naturally run to waist.

Do You Realize?

That despondency in women is a mental condition often traceable to some distinctly female ill!

Women who are well do not have the blues, neither are they irritable and restless. Derangement of the female organism breeds all kinds of miserable feelings such as backache, headache, and bearing-down feelings. Try Lydia E. Pinkham's Vegetable Compound. There is no doubt that it has made many remarkable cures of female ills after all other means had failed. There is hardly a day that some woman does not write us that this simple old medicine, made only of roots and herbs, has cured her of a severe illness.

Here are two such letters—read them—they are genuine and reliable.

Plateau, Pa.—"When I wrote to you first I was troubled with backache and was so nervous that I would cry at the least noise. I would startle me so. I began to take Lydia E. Pinkham's remedies, and I don't have any more crying spells. I sleep sound and my catarrh is better, thanks to your advice. I will recommend your medicines to all sufferers."—Mrs. Mary Halstead, Plateau, Pa., Box 98.

Walcott, N. Dakota.—"I had inflammation which caused pains in my sides, and my back ached all the time. I was so blue that I felt like crying if any one even said 'How poorly you look to-day.' I wrote to you for advice and got it at once. I started to take Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills, and I began to feel better and looked better before I finished the fourth bottle of medicine."—Mrs. Amelia Dahl, Walcott, N. Dakota.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Daily Thought.

To persevere is one's duty and be silent is the best answer to clamor.—Ivans.

We had always understood that southern Europe's chief source of revenue, as well as fame, is her ruins; and nature is certainly prodigal with the crop.

English juries may not go much on brain storms; but they know a pretty woman in distress when they see one. Ah, well! The jurors have done their best. If they have filled the vacancy on the vaudeville stage made by the demise of Belle Elmore, with the charming personality of Ethel Claire Leneve.

Mr. E. A. Poe has been elected to the Hall of Fame. Bob Browning was a candidate.

We must confess, that if the Ohio Democrats had taken the advice of Mr. Bryan and named a candidate for United States senator against Charles Dick, they would be in a right comfortable position, with the Republicans quarrelling among themselves. As it is, John R. McLean, of Washington; D. C., owner of the Cincinnati Enquirer and a corruptionist, is the probable Democratic candidate and he is worse than Dick, who, at least, hasn't made any money out of being senator.

The beauty about the "New Nationalism" is that nobody knows what it is; so the speaker may make it anything he likes and then call it Theodore Roosevelt and kick it all to pieces in the presence of his audience. Roosevelt never will hear of it, and the auditors go home, remarking what a brave man the orator is, "he knocked the stuffing out of Roosevelt." Thus are reputations sometimes made.

PORTUGAL.

The Portuguese republic fears the army, which revolted and enabled it to be established. Now the new government is trying to induce the soldiers to take a four months' leave of absence in order to disband the regiments. Loyalist officeholders swore allegiance and insist on remaining in office. The soldiers demand that they be recognized by gifts of civil offices. The situation is not one to commend itself to the peace of mind of the Teutonic or Saxon races. Of course, if the soldiers were conscript, they had no choice in taking up arms in the king's name; but if they had their privilege and they were disloyal, the honorable thing for them to do would be to have refused to serve

in the army. The loyalist officeholders, time servers, who are for whatever party is in power, are entitled to no consideration. The new Portuguese government, handicapped with poverty and ignorance at the bottom, and selfishness and disloyalty at the top, is not a spectacle of strength and grandeur. We hope the problem will be solved in a way to free the oppressed peasantry from ignorance, poverty and abuse; but it is a man's task.

THE SCHOOL SITUATION.

The schools of Paducah have not been in as good condition in years as they are at present. Hampered by a lack of means, the present board in the last three years has lifted a floating debt of \$19,000, added new equipment to the laboratories of the white and colored high schools, and spent money judiciously in rehabilitating all the buildings, which were becoming dilapidated and lacked conveniences for the comfort and health of the pupils. The board has done more; it has restored peace to the school administration by its consistent course. This board succeeded a regime of turmoil and wasteful extravagance, which resulted in hanging that interest burden of a floating debt about the neck of the schools. In addition to an embarrassing lack of funds for operating expenses, it has required the keenest business acumen to do what this board has done, and President W. J. Hills has had the assistance of no one more than of John K. Ferguson and S. T. Hubbard, who are candidates for reelection.

Associated with them are men of the same calibre. Glance at the ticket at the head of the editorial column and acquaint yourselves, you voters, with their qualifications. You will find in the personnel of the ticket the assurance of a continuation of the same administration. The election of the Republican ticket will insure a majority on the board of the same men now serving, and the hands of President W. J. Hills will be upheld by a harmonious board. Defeat it, and a return to the old time political board with log rolling, waste and extravagance, is certain.

It is not a good thing to swap horses in the middle of the stream. The city schools of Paducah are just pulling out of the plough of indifference. Next year, in all probability, the schools will have much more money to spend, and it must be spent judiciously. The schools need it for equipment and an increase in the teaching force, as well as a gradual increase in the salaries of teachers, who yearly are worth more to the schools, but whose services will be in demand elsewhere.

It would be a fatal mistake to replace a board, which has been a business success, has acquainted itself with the school needs and mapped out a good program of improvement, with one entirely new, just at a time when the opportunity has arrived for the trustees to put into practice their well considered plans.

Many complaints are being made that hunters are hunting quail out of season, and the law-abiding sportsmen are indignant. At the best there are not any too many birds this season, but the premature slaughter is said to be heavy and shooting will be scarce for the hunters. The crack of the guns can be heard in all parts of the county, and every day it is said that many partidges are killed. The hunting season will not open until November 15, and unless the practice is stopped it is said that there may be some prosecutions.

RAILROADS WILL NOT HAUL ANY MORE OF THE WHITE SLAVE TRADERS

Orders have been received by local passenger agents of railroads not to accept telegraph orders in the future from keepers of disorderly houses. The order follows the new law of the Interstate Commerce commission and a violation prescribes a fine of \$5,000.

It has been the custom of keepers of houses of ill-fame when they wished to bring a girl from another city to Paducah to place on deposit the money for her ticket at the railroad office and request the agent to telegraph to the girl that the ticket was waiting for her. This was done

with repugnance by agents, but they could not refuse a privilege that was granted to other patrons. The new law makes it a heavy fine, and all such requests in the future from keepers of bawdy houses will be turned down.

Since the bawdy houses in Paducah were scattered and kept on the move there have been only few requests by women for tickets. The purpose of the law is to decrease the traffic. In the majority of cases the keepers were afraid to send the money to the girl and trust her to purchase a ticket.

SPECIAL REGISTRATION.

Under the Kentucky statutes Tuesday after the first Monday in November is election day. The polls open at 6 a. m. and close at 4 p. m. The election this year is on the 8th day of November. The special registration days in cities are Monday, Tuesday and Wednesday of the week preceding the election which this year will be October 31st, and November 1st and 2nd. Following is the law governing the special registration: "Any person entitled to register who was necessarily absent from the city of his residence during the days allowed for registration here or who was ill during said time, or who was unable to attend the place of registration on account of sickness of some named member of his family, may by attending the county clerk's office and making affidavit of the fact have his name placed on the registration books."

DOCTORS PLAN TO UNITE MEETINGS

STATE AND SOUTHWESTERN KENTUCKY TOGETHER.

Return from Bardwell Greatly Pleased with Their Entertainment.

COUNTY SOCIETY MEETING

"The most successful semi-annual meeting in the history of the association."

This was the unanimous verdict of all the physicians who attended the fourth semi-annual meeting of the Southwestern Kentucky Medical association yesterday at Bardwell. Forty physicians, the largest attendance of any semi-annual meeting, were present, and the splendid program was enjoyed. The citizens of Bardwell extended true Kentucky hospitality, and they were guests at a fine dinner. A vote of thanks was extended for the entertainment.

The physicians remained last night, and were pleased at the success of the meeting. The annual meeting will be held in May, when arrangements will be made for the reception of the Kentucky State Medical association. Dr. J. Q. Taylor, who is president, presided over the meeting, and Dr. H. G. Reynolds, who was elected secretary at the last annual meeting, arranged the program. Some of the physicians made the trip over land in automobile. Dr. C. E. Purcell made the trip in Dr. H. E. Stewart's machine while Dr. Frank Regd, Dr. E. B. Williamson, and Dr. L. E. Young made the trip in the automobile of Dr. Horace Rivers. President J. Q. Taylor, Secretary H. G. Reynolds, Dr. J. T. Reddek, and Dr. C. P. Burnett returned last night on the train.

May Postpone Spring Meeting.

The advisability of postponing the annual meeting of the Southwestern Kentucky Medical association from next May until September, when the annual meeting of the Kentucky State Medical association will be held here, is being discussed by local physicians and members of the Southwestern society. With the close of the semi-annual meeting at Bardwell, Ky., yesterday, the doctors adjourned to meet in annual session in Paducah on the second Tuesday in May, 1911. As the state meeting is to be held here a few months later it may be decided to postpone the meeting and hold a joint meeting of this state and divisional bodies. Between 700 and 1,000 physicians are expected to attend the state meeting and physicians of national repute will be present. With a joint meeting local physicians would enjoy a more elaborate meeting and would be more the expense and worry of two meetings so close together.

The question is being discussed among the local doctors and the officers of the Southwestern may be moved to advance the date until the last Wednesday in September.

The state meeting is being planned for one of the largest ever held and Paducah doctors intend to effect a big showing, which will be of untold benefit to Paducah. A joint meeting, it is thought would draw a much larger attendance than at separate meetings and the result would be more pronounced. Many physicians favor the plan and it may be carried out.

McCracken County Society. The McCracken County Medical society will meet to night at 8 o'clock at the Woman's club. There will be a report of the meeting of the Southwestern Medicine Convention at Bardwell on Tuesday, and other features of interest.

COMMERCIAL CLUB

HOLDS INTERESTING MEETING AT PALMER HOUSE.

Optimistic Note Soundly by Speakers During the Evening—Good Feeling.

Last night an enthusiastic meeting of the Commercial club was held at the Palmer House. It was the first meeting since the recent election of officers, and a spirit of optimism was manifested. Several propositions for factories to locate in Paducah were discussed.

The membership of the club is limited to 100 members. It was decided to secure a few additional representative business men as members and a committee composed of J. A. Ludy, Jake Wallerstein, Harry Meyer, Mohr Michael, H. C. Rhodes, Joseph L. Friedman, H. R. Lindsey, L. W. Henneberger, S. H. Caldwell, Harry Hink, Roy L. Cutley, and W. P. Hummel was appointed to select new members. President W. F. Bradshaw, Jr., announced his standing committee.

THOUSANDS INVOLVED Step Taken in the Vanderbilt University Matter.

Nashville, Tenn., Oct. 26.—Chancellor John Allison granted a temporary injunction restraining Judge Claude Waller, Robert F. Jackson and J. A. Robins from participating in the meeting of the board of trustees of Vanderbilt university. The purpose is for N. E. Harris, of Georgia, A. H. Goodby, of Texas, and Albert W. Higgs, of Memphis, to take the places of the above named gentlemen. Along with this application came developments of far-reaching importance to education in the entire south. This was in the statement of counsel for the defendants that the board of trustees had under consideration a measure to exchange a portion of Vanderbilt campus for George Peabody college campus and for George Peabody college teachers to also receive \$30,000 in the transaction. The plan is to establish the Vanderbilt Medical and Dental colleges on the Peabody campus. It was stated that donations of \$300,000—\$150,000 from W. K. Vanderbilt and \$150,000 from the general education board of New York to Vanderbilt university for carrying through the plans depend upon the action of the board of trustees.

Shipper Presents His Side of Case. Chicago, Ill., Oct. 26.—When Interstate Commerce Commissioner F. K. Lane and E. E. Clark resumed the railway rate hearing, shippers

who oppose proposed advances were called upon to present their contentions in the case.

L. A. Robinson, comptroller of the Oregon and Northwestern Railroad company, was the first witness. He said his valuation of the road previously given was based on the book value of the property, as was his valuation of the Illinois, St. Paul, Minneapolis and Omaha road. The book value, he declared, represented the money which the company was actually put into the road. He witness said the value of the North western in 1901 was \$180,000,000 and in 1909 it was \$290,000,000.

PIPE SMOKERS!

There is a display in our east window today which we are anxious that men who know good pipes should see.

LOCKWELL PIPES are made of the best quality briar, have fine hard rubber bits, and are the best-balanced pipes we have ever seen. They have a patented sanitary feature, too, which makes smoking them a genuine pleasure. The stem is fitted with a patented absorbent cartridge which takes up every particle of moisture; in fact, the air passage is absolutely locked except when you are smoking. But the best way is to come in and see them—do it this evening. See the best pipe ever made for the price.

Crowning of Goddess.
Miss Nellie Keithley, who was elected Goddess of Labor at the annual voting contest Labor Day, will be crowned Tuesday evening, November 1, at the Central Labor hall. The event will be quite an important affair in union circles, and a program for the evening is being arranged. The members of the Ladies' Union label league are now arranging for the crowning. Miss Keithley is the daughter of Mr. and Mrs. Dan Keithley, 605 South Third street, and she is a popular girl of the city.

For Mrs. Jackson.
Mrs. Harry G. McElwain gave a delightfully informal party on the G. W. Robertson yesterday afternoon in compliment to Mrs. Lella Jackson, of Greenville, Miss., the attractive guest of Mrs. I. D. Wilcox. During the afternoon the hostess served a delicious salad course. The party included: Mesdames Lella Jackson, Greenville, Miss.; Leslie Samuels, Bardonia, Ky.; I. D. Wilcox, R. G. Terrell, James A. Rudy, Charles K. Wheeler, Ellen Morrow, Lella Lewis, Joseph Gardner, Armour Gardner, Luke Russell, James C. Pitterback, Hal Corbett, H. B. Sewell, Lillard Sanders.

Literary Department Discusses Chaucer.

The literary department of the Woman's club met this morning at 10 o'clock at the club house. The delightful program featured the Chaucer period of English literature, as follows:

1. Sovereigns of the Age of Chaucer.—Mrs. Arch Sutherland.
2. A Critical Estimate of Chaucer's Canterbury Tales.—Mrs. Muscoe Burnett.

In Honor of Mr. and Mrs. Moore.
Mrs. B. J. Billings gave a dinner on Monday evening in honor of Mr. and Mrs. Stanley B. Moore, who were married last week in Cleveland, Ohio. It was a prettily planned affair. An artistic arrangement of pink and white cosmos formed the centerpiece, and the place cards were hand-painted suit cases with bride's bouquet tied in white ribbon. The pretty color motif was used in the delightful menu. Covers were laid for Mr. and Mrs. S. B. Moore, Mr. and Mrs. R. L. Moore, Mr. and

DISCHARGED HER HIRED GIRL

How Cardul Helped Mrs. Rudison to Solve the Servant Problem.

Goreville, Ill.—"I had to hire a girl to do my housework," writes Mrs. Katie Rudison, of this place, "because I had grown so weak, that I could hardly stand on my feet. At my husband's urgent request, I tried Cardul, and soon my health began to mend. Now I can do my own housework, and I feel so much better!"

I will be thankful all my life for the help Cardul has been to me!" Every woman owes it to herself to try Cardul.

You should keep it in the house, for you never know when you may need it.

Its specific, curative action, on the cause of most womanly troubles, has been proved by the wonderful results obtained in so many different forms of such troubles. Its tonic strengthening action is noticed after a dose or two.

It has a record of 50 years of success, in treating the ailments peculiar to weak and delicate women.

Take Cardul when you feel ill in any way—weak, tired, miserable, or under the weather. It will help you.

Forty thousand druggists sell it. Go to the nearest one, and get a bottle today. You will never regret it.

Mrs. Terrell Overstreet, Mr. and Mrs. H. P. Davis, Mr. and Mrs. J. H. Davis, Mrs. J. C. Waddington, Mrs. Lottie Hillings, Mrs. B. J. Billings, Misses Longenia and Amelia Hillings, Mr. Robert Hillings, Rev. G. W. Banks.

The Schellschmidt Concert.

A notable musical event will be the concert on November 8 under the auspices of the Matinee Musical club at the Kentucky theater. The performers are all artists in their line.

The cellist, Adolph H. Schellschmidt, needs no introduction to the public, as he has been proven to be a cellist of ability since his childhood. He began his studies under his father, later going to Cincinnati and then to Cologne, Germany, where he entered the conservatory when the famous Dr. Franz Wuelner was the director of it. Mr. Schellschmidt was received as a pupil by the famous Louis Heyges, who was cellist of the renowned Florentine quartet. His playing attracted the attention of the director and he was heard by such artists as Nicolo, Richard Strauss and others and played under their direction at various concerts. He has had wide experience in concert work both in this country and in Europe.

NOT EVEN FOR ROOSEVELT.

Brooklyn Girl Refuses to Postpone Wedding for the Colonel.

New York, Oct. 26.—"Delay my wedding for Theodore Roosevelt? Never!" This is what Anna Fried of the Brownsville section of Brooklyn, told Hennen C. Haskell, Republican leader of Brownsville today when he tried to persuade her to waive her right to the Metropolitan Saenger the largest hall in the neighborhood. In order that Col. Roosevelt might deliver an address as scheduled October 29.

Haskell had counted on holding the rally in the Metropolitan Saenger, but discovered today that it had been engaged for the auspices of Miss Fried and Abraham Zacks. He hurried to the girl's home with the suggestion that she postpone or hasten the wedding, but she was obdurate and it was necessary to engage another hall.

To keep oil from dripping on the sewing after oiling the machine, fasten a bit of absorbent cotton to the needle bar just above the needle. Many a nice dress has been spoiled by oil dripping on it, and this is a sure preventive.

AN OLD-TIME PRESCRIPTION

In a modern product. From time immemorial sage and sulphur have been used for the hair and scalp. Almost every one knows of the value of such a combination for darkening the hair and making it grow. In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. Such a preparation is Weyl's Sage and Sulphur, which is sold by all leading druggists for 50c. and \$1.00 a bottle, or which is sent direct by the Weyl Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by W. J. Gilbert.

SITUATION IN
THIS DISTRICT

RESULT OF HURLEY COLLAPSE IS PROBLEMATIC.

Buyers Believe Prices Will Show Slump, but Farmers Are Holding to the Weeds.

THE VIEW AT HOPKINSVILLE.

Hopkinsville, Ky., Oct. 26.—Just what effect the collapse of the burley tobacco pool will have on local conditions throughout the dark district is a question that is now being largely discussed by the farmers and tobacco dealers and citizens in general. The collapse of the burley pool means the throwing upon the market immediately the \$5,000,000 pounds still under the control of the pool for the 1909 crop and the entire production for this year. The sales of the pooled tobacco begin today in Louisville and Cincinnati and will later on be taken up in Lexington.

Naturally it is to be supposed that the marketing of this great amount of tobacco at one time will bring about a sharp decline in prices and if this expectation is verified it is generally believed here that dark tobacco will show a corresponding decrease. While hurley and dark tobacco are nothing alike, still there is a certain amount of the trade, especially the French and Spanish buyers, who can use either kind, and they usually let the price be the deciding point in making their purchase. These countries use the lower grades, no matter what type of tobacco they buy, consequently the lower grades are expected to suffer most here. But that all grades will show a considerable decrease in price according to the weakness or strength of the burley sales is the belief among tobacco men here.

Last year when the \$5,000,000 pounds of burley was tied up in the pool and thus kept off the market, the result was plainly shown here, say the tobacco men, in the high prices which began with the opening sales and which continued to reign, with steadily upward trend, until the close of the season and at which the market was sold out clean of everything to be offered. Last year is regarded as the best season ever known in this market and the records will show that probably more tobacco was sold here during that season than ever before.

Just how much the expected decline will be is a matter purely of conjecture. Even the tobacco men, agreeing as they do that a decline will be noted, do not agree as to how much it will be, but all do agree that the prices here will be largely a reflection of those paid for the burley. Difference in type and natural conditions considered. It is claimed that he crop of dark tobacco this year is much larger than last year, and this, too, will have a tendency to reduce prices.

Up to the time the burley pool collapsed there had been considerable speculation done in new tobacco, as high as \$10 a round has been paid or some few crops and many sales having been made at figures slightly under this. But now the situation is such an unstable condition that all the speculators have quit buying and will await a more decided feeling on the market before they began dealing again. The loose floors have advertised their first sales for November 15th and it is possible that these will have to be awaited to get a definite line on prices that will be paid. The rehaling houses expect to start about December 1.

While this is the case on the market, the farmers are still demanding from \$10 to \$12 per hundred for their tobacco and say they will take no less for it. They show no disposition to unload hurriedly and with the high prices of last season still in their recollections they may be up the selling for some time by adhering to their refusal to take less than the prices offered. Just what the outcome will be remains to be seen.—New Era.

XMAS STAMPS ARE TAHOODED.

Three Countries Refuse to Admit Mail Bearing Them.

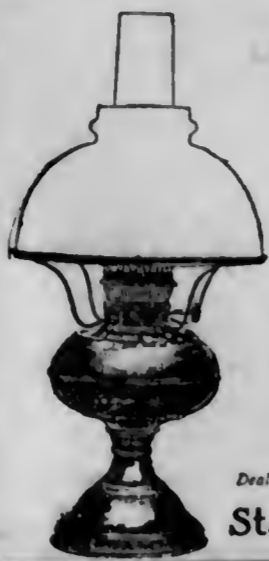

Washington, Oct. 26.—The first official note of the approaching of Christmas appeared today when the postoffice department issued warning to postmasters that Portugal, Guatemala and Uruguay refuse to admit to their mails articles bearing other adhesive stamps or labels. Portugal's objection, however, is limited to such stamps as resemble regular postage stamps.

Other countries, such as Great Britain, Germany, British Africa and the most of British dependencies, will admit articles bearing such stamps when stamps are affixed to the reserve and not to the address side. The postal officials announce that articles liable to be refused admittance in the countries mentioned will not be forwarded from the United States, but will be returned to persons mailing them.

Panama must learn to apply to Uncle Sam for a license before indulging in an uprising.

The Famous Rayo

Gives the Best Light at Any Price

When you pay more than the Rayo price for a lamp, you are paying for extra decorations that cannot add to the quality of the light. You can't pay for a better light, because there is none. An oil light has the least effect on the human eye, and the Rayo Lamp is the best oil lamp made, though low in price. You can pay \$5, \$10, or \$20 for some other lamp, and although you get a more costly lamp, you can't get a better light than the white, mellow, diffused, unflattering light of the low-priced Rayo.

Has a strong, durable shade-holder. This season's burner adds to the strength and appearance. Made of solid brass, nickel-plated, and easily polished.

LIVESTOCK.

Louisville, Oct. 26.—The receipts were 189 hogs, or 2,652 for the two days. The market opened firm, with prices 5c higher on all grades, selected heavy hogs, 220 lbs. and up, selling at \$8.85; 165 to 202 lbs., \$9.00; 120 to 165 lbs., \$9.05; pigs, \$8.70 down; roughs, \$8.15 down. The pens were well cleared and the market closed steady.

Sheep and Lambs.

The receipts of sheep and lambs were only 66 head; for two days 328. The market ruled very quiet, with but little doing, and no change noted in any branch of the trade. The best fat sheep selling 2 1/2 @ 3c; medium and common sheep 2 1/4 @ 1 1/2 @ 2 1/2 c. Fat lambs 3 1/2 @ 5 1/2 c. Some lancy higher; culls and common lambs 2 @ 3c.

A Plague of Rats

Everybody Should Join in Fighting the Pests.

Rats have grown very numerous of late in every section of the country, and this has resulted in attacks on children and in some instances on grown persons.

Everybody should join in destroying these dangerous pests. The best way to get rid of them is with Stearns' Electric Rat and Roach Paste, which drives them out of the house to die, and is absolutely reliable.

Stearns' Electric Paste is sold by druggists or sent express prepaid on receipt of price, 2 oz. box 25c, 16 oz. box \$1.00.

Stearns' Electric Paste Co., Chicago, Ill.

Cattle.
The receipts of cattle today were only 41 head; for the two days 2,671. There was a small crowd of local buyers on the yards; the demand in most instances was indifferent, and the trade generally quiet, without any material change. Fair inquiry for prime light butcher cattle, while medium and common kinds were slow. Good demand for the good weight slop steers and good feeding bulls. Canners and cutters slow. Milch cows unchanged. No heavy steers here, feeling easy. Some late sales of yesterday are included in today's sales.

Calves.

The receipts of calves were 46; for the two days 214. The market ruled slow, a shade lower; the best 7 1/2 @ 8 1/2 c; medium 6 @ 7 1/2 c; common 2 1/2 @ 6c.

St. Louis. — Cattle — Receipts 7,000; market steady; native beef steers \$6.00 @ \$8.00; cows and heifers \$3.50 @ \$6.75; calves in carload lots \$6.00 @ \$8.00. Hogs — Receipts 7,000; market 5c higher. Sheep — Receipts 5,500; market steady.

Kentucky's Crops.

Washington, Oct. 26.—Kentucky crops made the following showing in the Crop Reporter for October 1, just out:

Oats—Yield per acre, 25 bushels; production 4,250,000 bushels; quality 92 per cent.

Barley—Yield 24 bushels to acre; production 24,000 bushels; quality 82 per cent.

Potatoes—Condition 85 per cent; sweet potatoes, condition 76 per cent.

Tobacco—Condition 80 per cent, when harvested.

Condition of apples, 44 per cent; grapes, 51 per cent; pears, 45 per cent; cowpeas, 80 per cent; sorghum, 82 per cent.

Production of (compared with full crops) tomatoes, 81 per cent; cabbage, 83 per cent; onions, 88 per cent; dry beans, 81 per cent; lima beans, 81 per cent; broom corn, 76

per cent; hemp, 79 per cent; clover seed, 63 per cent; millet hay, 82 per cent, seed, 70 per cent; Canadian peas, grain, 89 per cent; forage, 92 per cent.

40,000 Tons Tobacco.

Louisville, Oct. 26.—It marked the first sales in Louisville and Cincinnati of tobacco taken from the big 1909 hurley pool, said to aggregate eighty million pounds.

While the planters generally declare the prices realized, averaging slightly less than twelve cents per pound, were satisfactory, these prices were regarded in some quarters as decidedly lower than expected.

The greater part of the burley sold at Louisville was taken in by the American Tobacco company.

The pool sale will put about ten million dollars in circulation in the tobacco sections.

U. S. STEEL

NET INCOME FOR CORPORATION OVER \$1 MILLION.

Total Earnings of Corporation for First Nine Months of This Year Amount to \$115,153,923.

New York, Oct. 26.—Earnings of the United States Steel corporation for the third quarter of the calendar year, as announced, following the regular meeting of the directors, aggregated \$37,365,187. Net earnings, after deducting \$6,316,462, of which \$5,555,555 was charged to "depreciation and extraordinary replacement funds," were \$31,048,725.

These figures compare with \$40,170,960 gross and \$33,380,755 net earnings for the previous quarter, and \$38,246,907 gross and \$30,855,019 net for the third quarter of 1909.

Total earnings for the steel corporation for the first nine months of this year amount to \$115,153,923, against \$90,508,606 for the corresponding period of 1909.

The surplus net income for the quarter reported is \$11,075,063, or \$2,822,020 less than that of the previous quarter.

Regular quarterly dividends of 1 1/2 per cent, on the preferred shares and 1 1/4 per cent, on the common were declared.

No statement regarding trade conditions was given out by any of the corporation officials, but it was intimated that earnings for the current month would compare favorably with those of September, which amounted to \$12,100,244.

Anyone Can Lay Regal Roofing

A hammer and knife—the only tools necessary. Complete instructions, fully illustrated, packed in each roll. And they are so simple that anyone can produce a perfectly water-tight roof. Special large headed galvanized nails avoid the necessity of unsightly tin cups, which quickly rust and cause leaks. J-M REGAL Roofing, when properly applied, will outwear any other roofing of its class, and it gives the best roof at the lowest cost. J-M REGAL Roofing is the outcome of more than 50 years' experience in manufacturing roofing materials. It represents the result of a half century of experience and a constant endeavor to produce a really high grade roofing at a low grade price. While not the lowest in cost, it contains more real value than any other manufacturer can produce for the price.

The base of J-M REGAL Roofing is genuine J-M TRINIDAD LAKE ASPHALT—the most durable water-proofing material known. As Trinidad Lake Asphalt has been used for 50 years for street paving, it is well adapted for roofing, where the conditions are far less severe. Call and examine this roofing—let us give you samples and interesting booklet of information.

A COLD BATH ROOM

Is the Most Uninviting Place For a Bath or Shave

WHY PUT UP WITH IT?

You won't have to if you install a Gas Room Heater and follow these prescriptions.

R For Bath.—Light Gas Heater immediately upon rising in morning, turn on Hot Water slowly in Bath Tub, wait few minutes, then when room is warm, prepare for bath. The result will be the most refreshing Bath you ever had.

R For Shave.—Light Heater as above, then dress for shave, returning to find Bath Room Warm, all ready for a delightful shave. Repeat this every morning.

It will change the complexion of your whole day if you have a comfortable Bath Room in which to make your toilet each morning. Let our Commercial Department prescribe further for you. We carry a big line of Gas Room Heaters that range in price from one dollar to ten dollars. They will heat any room from a small bath room to a large living room. They cost but little to operate. Call at our display room and look over these Heaters.

MORNING SERVICES GROWING POPULAR.

---AUDITORIUM---

Another large morning audience was present at the Auditorium this morning to hear Dr. R. A. Torrey, who spoke on the subject, "Baptism of the Holy Spirit—How to Obtain It." Yesterday morning the largest congregation during the meeting was present. Dr. Torrey's subject tomorrow morning will be a continuation of the theme this morning and Friday morning he will tell "How to Study the Bible." This subject carries widespread interest and a large attendance is looked forward to.

Mr. Kinney sang "I am Happy in Him."

Jacoby Meeting.

In his usual clear manner of expression the Rev. William S. Jacoby told of "Growth of Grace" this morning to his class of personal workers, following Dr. Torrey's sermon. How to grow in grace was divided into four heads, each clearly defined. Yesterday morning Mr. Jacoby gave his first sermon on this subject and this morning he explained how to teach a young man or a young convert to grow in grace and in the knowledge of Christ, as well as older people. His first point was to "confess Jesus at every opportunity." He gave three reasons for doing this. First because God commands it; second, because of its strength to Christian lives, which safeguards one, and third, it may be a blessing to others, because of your

testimony.

His second point in how to grow was to "be baptized and partake regularly of the Lord's supper." Mr. Jacoby said some people do not recognize the importance and value of the Lord's supper, and he gave two reasons why it should be done: (1) It is the Lord's command; (2) It is a memorial. In reference to the second reason Mr. Jacoby said Christ wants fellowship and communion is taken in remembrance of Him. He said people should take it regularly.

The fourth point was to "study the Bible and feed upon the word of God." Mr. Jacoby said we are told in the word that we, as newborn babes, desire the milk of the word. He said one can no more expect to be strong physically and neglect their regular food than to expect to be strong spiritually and neglect the spiritual food—the Bible.

"If a young man wants to be prosperous," said Mr. Jacoby, "he must meditate upon the word of God, Psalms 1, 1-3."

The fourth and concluding point was "prayer." Prayer and Bible reading go together, said he, and each depend upon the other. He said: "They who wait upon the Lord (and that means to pray) shall renew their strength."

Last Night's Service.

It is in the very nature of a reasoning being, confronted with the certainty of death and the uncer-

tainty after it, to seek refuge in some sort of philosophy, according to Dr. R. A. Torrey, who spoke at the Auditorium, Tenth street and Broadway, last night on "False and True Refugees." He said there are four tests, which applied to philosophy of life, will make certain whether it is true or false. These four tests refer to the crisis of life: whether they meet the sanction of a man's conscience, whether they save a man from egotism and self-righteousness and make him a better man and citizen, and whether they meet all the demands of the death-bed and a judgment upon conduct here on earth.

Dr. Torrey discussed many of them, including Unitarianism, universalism, infidelity, dependence on one's innate goodness, and that form of religion which has to do only with the observance of church rules and doctrines. None of these, he showed, for various reasons will suffice in the crisis. Jesus Christ is the only refuge that will meet the approval of conscience, make a man better, and meet the demands of the death bed and the judgment. There were a score or more conversions last night.

A pretty feature of the service was the singing by Little Miss Randolph of "Somebody Did a Golden Deed—Was That Somebody You?" Mr. McEwan sang two beautiful solos, "Saved by Grace" and "Out of Christ, Without a Savior."

THREE DOLLARS RISE

CENSUS SHOWS ONLY 5,110,000 BALES GINNED.

How to Big Crop Ideas; December Advanced from 13.01 to 14.10—Use Followed Decline.

Memphis, Oct. 26.—There was an advance of \$2.75 to \$3 per bale in the cotton market, while trading was active and at times excited.

The rise followed a decline to 11 1/2 to 120 points, which culminated on Monday evening, but whereas the decline occupied more than a week the advance was the doing of one day. The moving factor was the report on cotton ginned to Oct. 18 by the census bureau, showing a total of 5,410,000 bales, and some of the most bearish predicted 6,000,000 bales. The small figures were construed as striking a blow at the large crop ideas on which the week's decline had been based and the sellers turned quick buyers, while brokers who represent Hayne, Seales and other bulls were heavy any continuous buyers all through the session. It is believed that these bulls, who sold when prices reached 15 cents some two weeks ago, have come back into the market and will support it on the belief that the ginning returns show that there is not a large, but a very moderate crop of cotton.

Last year there was ginned to this date 5,530,000 bales and the crop was only 10,600,000 bales. In 1908 there was ginned 6,291,000 and the

crop was 12,825,000 bales. The crop this year is late, but the bulls claim that, allowing for that, the ginning is too small to justify claims for anything more than a crop of eleven and a half million bales. The showing was so surprising to bears that for the moment they appear without argument, although the weather continues most favorable and crop reports from the Atlantic states say that the yield has been greatly increased by delayed frost and the pleasant weather.

On the decline Southern spot markets gave way and it was feared that the position was being greatly weakened and that holders might become demoralized. Stimulated by the small ginning returns the day's news was that these holders were advancing prices and would not sell at former concessions.

Liverpool advanced in sympathy with New York, but the trade looks with some concern today to see if they will take cotton at the advance, which is one of the biggest scored in a single day at any time during the season. The attitude of the American spinners is, too, not well defined as yet.

Will Inspect Bloodhounds. Police Sergeant E. H. Cross and City Jailor James W. Clark have been appointed a committee to visit Lexington and inspect the trained bloodhounds with a view of purchasing some dogs for the local police department. They will leave Friday for Lexington and will visit the kennel of V. G. Mulligan, a noted breeder. The bloodhounds are needed badly in Paducah for the purpose of putting an end to numerous crimes that are committed.

Skirts promise to retain their narrowness, whether for walking or dress modes.

DEFENSE LOST ON ONE POINT

COURT REFUSES TO TAKE HIGH-BID CASE FROM JURY.

Holtzlaw Testifies and Declares He Was Offered \$1,500 to Vote for Furniture Contract.

WENT TO FORD AND JOHNSTON

Springfield, Ill., Oct. 26.—Judge Benson, of the circuit court, overruled the motion of the defense that the court to take the case from the jury and instruct a verdict of not guilty in favor of State Senator Stuart C. Pemberton, of Oakland, and Representative Joseph Clark, of Vandalia, on trial for conspiracy to obtain money for themselves in the award of the contract for furniture for the state capital. The attorneys made the motion yesterday afternoon. Attorneys Andrews and Hugh Graham declared among other things that the state had failed to prove its case.

Following the appearance on the stand of Senator Holtzlaw and J. W. Knox, salesman of the Derby Desk company, in the morning, Otto Frier who represented the successful bidders, the Ford and Johnson company, was called by the state. He related how he conversed with Pemberton, Clark and Holtzlaw about the contract. He said at one time Clark told him he would have to have \$1,000 for his vote, and that Holtzlaw at first demanded \$5,000, but later agreed to accept \$1,500. A. H. Johnston, agent for Ford and Johnson, the witness declared, was present when it was agreed Holtzlaw should get \$1,500.

Holtzlaw said he had been promised \$1,500 for his vote for the Ford & Johnson company by Johnston, who declared this was \$500 more than either Pemberton or Clark was to get.

Knox told of several conversations he had with Pemberton, Clark and Holtzlaw, regarding the furniture contract, and declared each wanted to know how much there was in it. Knox said Pemberton told him he was not going to get the contract and he (Knox) refused anybody anything but a straight bid.

The Evansville Courier says: "The Lena May has been withdrawn from the Henderson-Evansville trade and is tied up for the present. Captain Hornbrook, her owner, notified D. K. Lepper agent, Sunday night just before her departure for her last trip to Henderson to tie her up after the trip, that the trade would be abandoned for the time being. It has been said that Captain Swain, of Evansville, will place the Perry Swain, a sidewheeler, in the trade within the next few days, but this is thought improbable.

Nothing has been heard from Captain Swain but it is thought that he would not put a \$20,000 boat between Henderson and Evansville at this season of the year.

Captain W. T. Howell's tug the Kenola, was sunk late Sunday afternoon at the water works plant. She settled on a number of piling before

it was noticed that the river was going down and when she started to pull away two piling went through her bottom and she sunk. The D. A. Nisbet was busy getting her out of the water.

Captain Walter Houghland's tug Meteor, will be inspected today. New boilers have been installed.

Captain Houghland's wife who has been ill at Walker's sanitarium for the past few weeks, is reported much better.

Captain Thompson, who has been running the Lena May in the Henderson trade, left Saturday night with the John S. Hopkins for Madison where the boat will undergo repairs.

The Antoinette arrived yesterday from Green river with a barge of ties.

The sailor collar is popular for misses' tailor made costumes, while some have small yokes with jabots or frills of chiffon, lace, or silk.

Warner's Corsets

THERE are many points worth noting about a Warner's Corset aside from its shape, which is conceded to excel—the pliant nature of the boning, its rustless virtue, and its service reliability.

We guarantee it not only to fit well—but to wear as long as any fabric can wear, not to tear or to pull away from the boning, nor can the celluloid-tipped bones break or punch through.

There is one thing more we can say in its favor—the supporters—they are the Security Rubber Button—reliable, too. Metal parts cannot rust any more than the corsets.
